

ULTRAVIOLET[®]

SNOW & ICE MELT

SOLARIZE[™]

MELTS ICE
DOWN
TO -20°F

- *Combines the power of multiple proven deicing elements to deliver a balanced blend for superior melting performance.*
- *Calcium Chloride generates exothermic heat, rapidly melting snow and ice, even at sub-zero temperatures*
- *Precision coated with liquid magnesium chloride to enhance melting power and provide a longer-lasting melt.*
- *Purple, non-staining organic dye provides visibility and enhances application efficiency.*

TOUGH ON ICE, GENTLE ON THE ENVIRONMENT

Item # UVSOL50 | Size 50 lb Bag | QTY/Pallet 49 | Pallet Wgt 2500
